

Brendan O'Mahony

AN INSIDE LOOK INTO ONE OF THE MOST
RESPECTED CABINETRY LEADERS

Read more at:

> Born in Cork City, Ireland, Brendan O'Mahony immigrated to the US in 1985. With a lot of hard work, exceptional design skills, and a Civil Engineering background, Brendan has been able to build one of the best-known custom cabinetry businesses in Central Florida.

Brendan has achieved an excellent reputation over the years designing beautiful kitchens and interiors for thousands of residential homes. One only has to look at the portfolio of completed projects which can be viewed on state of the art equipment at the design studio on Virginia Drive, which was originally constructed in 1924.

In 2003, this unique facility was renovated and transformed into a one of a kind cabinetry design studio, located in the heart of the Ivanhoe Business District. Brendan and his award winning design team truly focus on providing the best design service in the market place. Displays are set up to illustrate to clients true "form and function," with competitively priced products. Displaying new design concepts, the ability to design "outside the box," and dedication to customer service have been the key to the success of Cabinetry Creations, Inc.

In his spare time, Brendan is kept busy coaching both of his daughters' ACYS soccer teams throughout the year. Coaching soccer was an easy transition for Brendan due to him growing up playing Rugby in Ireland and also competing and serving as president for the Orlando Rugby Club from 2005 to 2009. Brendan truly is an American success story and has survived several recessions on both sides of the pond and is now looking forward to the future and what it has to offer. One day, he would love to see his daughters Danielle and Sarah share the same love for the design business that he has created.

"Our design studio is fully functional. We're quite proud of it, and would love to show it to you. Stop by and experience our personal touch," says Brendan. His continued optimism and positive attitude have kept this entrepreneur at the top of his field.

Cabinetry Creations, Inc. is a proud sponsor and contributes to many local Central Florida Charities including Habitat for Humanity. <
